Accesibility Statement for Disability Hub MN

Disability Hub MN is committed to ensuring digital accessibility for people with disabilities. We are continually improving the user experience for everyone, and applying the relevant accessibility standards.

Measures to support accessibility

Minnesota Department of Human Services takes the following measures to ensure accessibility of Disability Hub MN:

- Include accessibility throughout our internal policies.
- Provide continual accessibility training for our staff.
- Assign clear accessibility targets and responsibilities.
- Employ formal accessibility quality assurance methods.
- Include people with disabilities in our website design.
- Contract with a vendor that uses the skills of people with disabilities to perform website accessibility tests.
- Utilize accessible tools such as the Able video player.

Conformance status

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Disability Hub MN is fully conformant with WCAG 2.1 level AA. Fully conformant means that the content fully conforms to the accessibility standard without any exceptions.

Feedback
